

Adoptions and Sponsorships

Donate in honor of your favorite animal(s) and help us provide food, care, and enrichment to our education ambassadors! Adoptions and sponsorships are symbolic in nature and help us care for all of our amazing animal ambassadors. Each animal has one sponsorship available and unlimited adoptions available. Some animals might already be sponsored and are not available at this time for sponsorship.

Education is vital to our mission of finding cooperative conservation solutions for birds and the natural world. The presentation of ambassador animals is a powerful catalyst for learning. By allowing personal connections with animals, we enhance the delivery of cognitive and empathetic messages allowing for long term attitudinal changes about wildlife and conservation.

Stella the Skunk

Sgt. Pepper & Cranberry the Narragansett Turkeys

Artemis the Red-tailed Hawk

Cricket the Great Horned Owl

Turbo the Golden Pheasant
